- **Australian Building Codes Board – Various Consultations**
 - **National Construction Code 2025 – Public Comment Draft.** The ABCB has released the proposed changes to the next edition of the NCC. **Comments close Monday 1 July 2024.** Further details can be found at [National Construction Code 2025 Public Comment Draft - Australian Building Codes Board - Citizen Space \(abcb.gov.au\)](#)
 - **Consultation Impact Analysis: Adequacy of Female Public Sanitary Facilities.** The ABCB has received multiple proposals for change expressing concern about the adequacy of NCC provisions for female Sanitary facilities. Consequently, the ABCB is proposing deemed-to-satisfy provisions for the next edition of the NCC, which will increase the number of closet pans for female patrons in Class 9b buildings – single auditorium theatres and cinemas. **Comments close Monday 1 July 2024.** Further details can be found at [Consultation Impact Analysis: Adequacy of Female Public Sanitary Facilities - Australian Building Codes Board - Citizen Space \(abcb.gov.au\)](#)
 - **Consultation Regulation Impact Statement: Commercial Energy Efficiency Provisions.** The ABCB has been undertaking work to scope potential energy efficiency changes for commercial buildings in the next edition of the NCC. The proposed provisions are included in the NCC public comment draft. An in-depth analysis of the impacts (costs and benefits) of the proposed provisions is now open for public comment. **Comments close 11:59pm Monday 1 July 2024.** Further details can be found at [Consultation Regulation Impact Statement: Commercial energy efficiency provisions - Australian Building Codes Board - Citizen Space \(abcb.gov.au\)](#)
 - **Consultation Impact Analysis: Condensation Mitigation Measures.** The ABCB has been undertaking further work on provisions to mitigate condensation risks. The proposed technical changes are in Part F8 (Volume One) and Part 10.8 (ABCB Housing Provisions) of the NCC public comment draft. These changes impact residential and residential-like buildings (Class 1, 2, 3, 4 and 9c buildings). The proposed changes include cavity-dependent vapour permeance requirements for external walls and expanded roof ventilation requirements to better align with practical design and construction practices in Australia. **Comments close 11:59pm Monday 1 July 2024.** Further details can be found at [Consultation Impact Analysis: Condensation mitigation measures - Australian Building Codes Board - Citizen Space \(abcb.gov.au\)](#)
 - **Consultation Regulation Impact Statement: Waterproofing and Water Shedding Provisions.** About the consultation research has indicated that serious defects related to waterproofing are the most common defects in buildings compared to other areas, such as fire safety, building enclosures, structural integrity and key services. A lack of Deemed-to-Satisfy provisions is considered to have contributed to problems, including poor design and documentation, a hit-and-miss approach to performance solutions and sub-standard construction outcomes. In turn, these problems are contributing to waterproofing defects. **Comments close 11:59pm Monday 1 July 2024.** Further details can be found at [Consultation Regulation Impact Statement: Waterproofing and water shedding provisions - Australian Building Codes Board - Citizen Space \(abcb.gov.au\)](#)
 - **All-gender Sanitary Facilities.** The ABCB has released a consultation on the potential inclusion of all-gender sanitary facility provisions in the National Construction Code. Suggested changes are a voluntary deemed-to-satisfy pathway in Section F, F4 Sanitary and Other Facilities and replacing and consistently using 'gender' instead of 'sex' and 'accessible' instead of 'unisex' throughout the NCC. **Comments close 11:59pm Monday 1 July 2024.** Further details can be found at [All-gender sanitary facilities - Australian Building Codes Board - Citizen Space \(abcb.gov.au\)](#)

- **National Capital Plan Draft Amendment 99 – Molonglo Valley Town Centre.** Draft Amendment 99 proposes to amend the Plan by identifying a Town Centre at Molonglo. DA99 proposes to replace Figure 2 General Policy Plan – Metropolitan Canberra with a new map which identifies a Town Centre at Molonglo; replacing Figure 10 Defined Activity Centres with a new figure which identifies a defined activity centre in the Molonglo Valley of a size comparable in size to other activity centres at Civic, Gungahlin, Belconnen, Woden and Tuggeranong; and revise relevant text to recognise a town centre at Molonglo. **Comments close 5pm Tuesday 25 June 2024.** Further details can be found at [National Capital Plan Draft Amendment 99 – Molonglo Valley Town Centre – Public Consultation | National Capital Authority \(nca.gov.au\)](#)
